INTRODUCTION:

Madinah Foundation is a charitable organization founded by Haji Muhammad Saleem (Late). It was created with the vision of “Industry, Service, Education.” The foundation works to support humanity, especially in health, education & other community services.

We feel proud that the Government of Punjab appreciated our mission of promoting quality education & spreading knowledge for a better world. As a result, the government granted Madinah Foundation the charter to establish Green International University in Lahore on 4th June 2020.

Green International University is focused on providing quality education, research & innovation in today’s fast-changing, knowledge-based economy. The university aims to follow strong academic & research standards that match its vision & mission. We are committed to offering students global learning opportunities through international collaborations.

Our aim is to prepare and empower the youth of Pakistan for bright professional careers. We want to help students build confidence, face global challenges and play an active role in the social & economic development of Pakistan.

VISION

Our vision is to grow as a modern and forward-thinking university that prepares future generations to bring new ideas, become responsible global citizens & support a sustainable & prosperous future for everyone.

MISSION

Our mission is to offer education that helps students become confident, ethical & globally aware leaders who can succeed in a fast-changing world. We work to create new research & practical solutions that address national & global problems. With respect, responsibility & care for the environment, the University aims to build communities that are inclusive, fair & supportive for all.

Green International University
